SMB/dld
1

The following investigation was conducted by SA
[redacted] at San Francisco/Sompa, California:

b6
b7C

On 8/13/90, [redacted]
Louisiana Pacific was telephonically contacted at [redacted] at
which time he was asked if his office had acquired photographs
from previous demonstrations conducted at the various Louisiana
Pacific facilities.

b6
b7C

[redacted] stated that he in fact did have some
photographs and would be willing to make those available to the
FBI in San Francisco.

b6
b7C

It was agreed that [redacted] would mail to the San
Francisco Office the photographs in his possession via registered
mail and that the FBI would copy any relevant photographs and
return same to him post haste.

b6
b7C

[redacted] stated further that any and all flyers
and correspondence that Louisiana Pacific has received have been
forwarded to the Humboldt County Sheriff's Office care of
Lieutenant [redacted]

The following investigation was conducted by SA
[redacted] at San Francisco/Eureka:

b6
b7C

On 8/16/90, Detectives [redacted] were
contacted at the Humboldt County Sheriff's Office, Eureka,
California, via telephone number [redacted] at which time they
advised that they did have in their possession numerous
correspondence, flyers and the like which they have been
collecting during various demonstrations, etc. The Humboldt
County Sheriff would make these available to the FBI.

In passing, the Detectives advised that the Seeds of
Peace, and specifically one [redacted] is planning to organize
a large demonstration later in the month of August to emphasize
the goals of Earth First. It was reported that tree spiking has
increased considerably in the Humboldt County area during the
last two weeks, and it is felt by many that the previous tactics
of the environmentalists have not worked and that they are
getting frustrated.

b6
b7C

12-31-99
RM

In addition, information has been received that members
of the Earth First in the tri-state area, believed to mean
Washington, Oregon, California and possibly Arizona are planning
to travel to the North Coast and attempt to take over Earth First
activities as they feel the local leadership is not doing enough.

The following investigation was conducted by SA

AT SAN FRANCISCO, CALIFORNIA:

On April 28, 1990, Detective [redacted] California State Police, Sacramento, California, furnished xerox copies of three printed documents and two envelopes, one sent to Southern Pacific, One Market Plaza, San Francisco, California 94105, postmarked July 7, 1986; and the second to PG&E, 245 Market Street, San Francisco, California 94105, postmarked July 7, 1986.

b6
b7C

Detective [redacted] stated these documents were handed out at various BOCCI meetings in 1986 and 1987.

Xerox copies of the above-mentioned documents are attached herewith and considered a part of this report.

The following investigation was conducted by Special Agent [redacted] on June 13, 1990:

b6
b7C

AT SANTA ROSA, CALIFORNIA

A survey of items carried by the Home Club, Incorporated, 2001 Sebastopol Road, Santa Rosa, California, telephone number 707-526-6000, determined they carry the following items: 2" by 12" pipe nipples; 1-1/2" by 8" pipe nipples. Examination of the price stickers on the items disclosed they are furnished Home Club by Wami, Valencia, California, and Waxman Industries, city unknown. Also in stock were 1-1/2" and 2" end caps, furnished by Wami of Valencia, California, and Waxman Industries, with stampings on individual end caps indicating they were made in Thailand and Korea. Some of the 1-1/2" end caps had the outline of a bell on them and others had what appeared to be company symbols.

Home Club carries duct tape, manufactured by Polyken Technologies, Consumer Products Group, Westwood, Massachusetts, and duct tape, "Tough Stuff" brand, manufactured by a division of Kendall Corporation. They also carried Action brand tape, manufactured by National Tape Corporation, New Orleans, Louisiana, which was 50 centimeters wide, while the other two duct tapes were 50.8 centimeters wide.

Home Club carries Leviton toggle switches, both ivory and brown, as well as Leviton brand porcelain light sockets. A review of the light sockets determined all of them were round and no square ones were in stock.

Home Club's nails are all pre-packaged and are not sold in bulk.

AT GUERNEVILLE, CALIFORNIA:

A review of the merchandise handled by the Russian River Hardware Store, 15320 River Road, Guerneville, California, telephone 707-887-2201, determined they had 1-1/2" and 2" pipe nipples in stock as well as 1-1/2" end caps. The end caps were marked with a symbol of the "SA" Company and either a bottle or a gourd shaped symbol of a company in Thailand. Duct tape, carried by Russian River Hardware, is manufactured by the United Tape Company, P.O. Box 1860, Cumming, Georgia, and it is listed as being 50 millimeters wide. The light switches available at Russian River Hardware were manufactured by Leviton and by Eagle. Proprietor of the Russian River Hardware advised he obtains most of his electrical supplies from Amfac Electric Supply Company, 2049 West Steele Lane, Santa Rosa, and through Eagle Distributing Company in Santa Rosa, located on Maxwell Court.

C-911057-EFL
ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 8/5/93 BY 9803RDD/TPK/ky

A sample of the finishing nails sold by Russian River Hardware was obtained.

AT SANTA ROSA, CALIFORNIA

A survey was made of the merchandise by the True Value of Larkfield, 490 Larkfield Center, Santa Rosa, California, telephone 707-545-8380, and it was determined that True Value had 1-1/2" by 8" and 1-1/2" by 10" pipe nipples in stock; however, there were no 2" pipe nipples in stock. They did have in stock both 1-1/2" and 2" end caps; the 1-1/2" end caps carried no markings whatsoever. The 2" end caps were made in Thailand and in Mexico. The Thailand end caps were marked with the number 2 and with the SA brand. The end caps manufactured in Mexico were marked with a company logo consisting of the letters HM enclosed inside a diamond. This store carried Leviton brand light switches, both brown and ivory in color, as well as white Eagle brand switches and brown switches manufactured in Mexico, labelled G.E. CO.

The store carried Tuck brand duct tape, manufactured in New Rochelle, New York 10801, and was labelled as being 50.8 centimeters wide.

A sampling of the finishing nails carried by True Value Hardware were obtained.

AT SANTA ROSA, CALIFORNIA

A survey of the merchandise handled by the Long's Drug Store, 2075 Mendocino Avenue, Santa Rosa, California, 707-542-4480, determined Long's carries GE brand light switches, manufactured in Mexico, including item GE5941-11D, which was brown, and GE item 5013-21D, which was ivory.

They also carry a one gallon gas can, labelled as tip resistant with a red plastic cap with an integral filler neck, manufactured by Hunter Containers, P.O. Box 706, Vernalis, California 95385.

Long's had in stock several Bullseye and Scotty pocket watches.

Long's carries Tartan Utility Duct Tape, manufactured by Home Products Division of 3M, St. Paul, Minnesota, as well as Nashua Duct Tape, manufactured in Watervliet, New York.

AT SANTA ROSA, CALIFORNIA

A check of Yardbirds, located at 2360 Mendocino Avenue, Santa Rosa, telephone 707-546-5662, determined they handle Leviton light switches with the ivory switches batch number listed in yellow print on the side as being "C10B". The brown Leviton switches had the batch number printed on the side as being "F36B". Yardbirds carries the round Leviton lamp porcelain bases.

Yardbirds handles Tough Stuff brand duct tape in two grades, the professional grade, item number 992046, and the all purpose grade, number 992048, both of which were labelled as being 50.8 millimeters wide.

Yardbirds had 1-1/2" and 2" end caps in stock as well as multiple links of 1-1/2" pipe nipples. The longest 2" pipe nipple was 6" long. The 2" end caps were manufactured in Thailand and appeared to be the bottle or gourd brand and the 1-1/2" end caps were marked with a company logo of what appears to be two small Fs enclosed inside a diamond.

Yardbirds sells Safeguard Tip-Resistant gas cans, the one gallon size, with the red plastic caps with built-in filler neck, manufactured by Hunter Containers, P.O. Box 706, Vernalis, California 95385. A sample of the bulk finishing nails carried by Yardbirds was obtained.

AT SANTA ROSA, CALIFORNIA

A survey of the merchandise handled by the Forman's Plumbing and Electric Supplies, 116 College Avenue, Santa Rosa, telephone 707-545-1640, determined Forman's handles 2" by 12" pipe nipples and 1-1/2" by 8" pipe nipples, however, there were no 8" pipe nipples in stock. The 1-1/2" end caps in stock were manufactured in Thailand and the 2" end caps in stock were manufactured in Thailand under the SA brand as well as the gourd or bottle brand. Light switches handled by Forman's were made in Mexico and carried the stamping G.E. Company and some of them had yellow price stickers on the back side of the switch and others had blue and white price stickers on the back of the switch. Forman's also carried Leviton light switches and Leviton porcelain bases, but only round ones. Forman's handles Tartan brand Duct Tape and Ace Hardware brand Duct Tape.

AT MONTE RIO, CALIFORNIA

A survey of the merchandise handled by the Monte Rio Hardware Store, 20301 Highway 116, Monte Rio, California, telephone 707-865-2104, determined they had 1-1/2" by 8" pipe

nipples in stock, however, no 2" pipe nipples. They had 1-1/2" end caps manufactured in Mexico with the stamping of the manufacturer, consisting of the letters HM enclosed in a diamond, as well as other end caps made in Taiwan with the bottle brand stamp. They also had 2" end caps manufactured in Mexico under the same brand as the 1-1/2". The only light switches carried were the pre-packaged Leviton brand and not the cheaper Leviton brands which are available elsewhere. They handled Manco Duck brand Duct Tape, manufactured by Manco, Incorporated, 2040 West 110th Street, Cleveland, Ohio, and was labelled as being 50.8 centimeters wide. Samples of the nails carried by Monte Rio Hardware were obtained.

AT FORESTVILLE, CALIFORNIA

A survey of the items carried by the Ideal Hardware, 62631 Front Street, Forestville, California, telephone 707-887-7561 determined they do not have any pipe nipples or end caps readily available to the public. They carry Eagle brand light switches in both ivory and brown and carry Nashua brand duct tape, manufactured in Watervliet, New York.

AT FORESTVILLE, CALIFORNIA

A survey of the items carried by Dada Hardware, 15600 River Road, Forestville, California, telephone 707-869-2832, determined they carry the Leviton ivory light switch number H39B as well as the Eagle brand ivory light switch. They carry the Tuck brand Duct Tape, manufactured in New Rochelle, New York 10801. They had both 1-1/2" and 2" pipe nipples in stock, as well as 1-1/2" and 2" end caps. The 2" end caps carried were manufactured by the SA brand in Thailand as well as Stockham brand. The 1-1/2" caps carried the SA brand.

On July 23, 1990, Detective [REDACTED] Ukiah Police Department, advised that a pipe bomb had been located at [REDACTED] Ukiah. [REDACTED] requested assistance in determining the make up of the device.

Detectives [REDACTED] Ukiah Police Department, advised that they responded to [REDACTED] Ukiah, where they met a number of individuals who indicated that the device which had been reported as a bomb was actually a package which was completely safe and belonged to them. No one would indicate who found the device. [REDACTED] a white female, acting as a spokeswoman, advised that an individual staying at the residence spotted what appeared to be a pipe bomb in a paper bag inside the residence. This individual placed the bag containing the device outside in the front yard. The individual then contacted the Environmental Center in Ukiah who reported the incident to the Ukiah Police Department.

b6
b7C

Thereafter, someone from the Environmental Center advised that it was not a bomb and furnished a telephone number to reach the owner of the residence, [REDACTED] at the Unicorn School. [REDACTED] advised that the device was an example of the bomb that detonated under JUDI BARI's car seat. [REDACTED] said that this device was made for a press conference in which it would be shown how the bomb could be placed under the seat of BARI's car. [REDACTED] said that the device was two inch galvanized pipe, capped at both ends and was empty. [REDACTED] went on to say that the press conference was canceled and she was going to return the pipe to the hardware store.

b6
b7C

The residence was evacuated, searched for additional devices, and the device was seized as possible evidence.

[REDACTED] advised that one of the individuals he spoke to at the Environmental Center was [REDACTED]

b6
b7C

Police reports of Officer [REDACTED] and Detective [REDACTED] have been placed in the case file separately.

b6
b7C

On July 23, 1990, Detective [REDACTED] Ukiah Police Department, advised that a pipe bomb had been located at [REDACTED] Ukiah. [REDACTED] requested assistance in determining the make up of the device.

Detectives [REDACTED] Ukiah Police Department, advised that they responded to 1112 Elm Street, Ukiah, where they met a number of individuals who indicated that the device which had been reported as a bomb was actually a package which was completely safe and belonged to them. No one would indicate who found the device. [REDACTED] a white female, acting as a spokeswoman, advised that an individual staying at the residence spotted what appeared to be a pipe bomb in a paper bag inside the residence. This individual placed the bag containing the device outside in the front yard. The individual then contacted the Environmental Center in Ukiah who reported the incident to the Ukiah Police Department.

b6
b7C

Thereafter, someone from the Environmental Center advised that it was not a bomb and furnished a telephone number to reach the owner of the residence, [REDACTED] at the Unicorn School. [REDACTED] advised that the device was an example of the bomb that detonated under JUDI BARI's car seat. [REDACTED] said that this device was made for a press conference in which it would be shown how the bomb could be placed under the seat of BARI's car. [REDACTED] said that the device was two inch galvanized pipe, capped at both ends and was empty. [REDACTED] went on to say that the press conference was canceled and she was going to return the pipe to the hardware store.

b6

The following investigation was conducted by SA [redacted] at Willits, California:

On July 24, 1990, [redacted] (PROTECT BY REQUEST) was contacted at his residence, [redacted] California, telephone number [redacted]

b6
b7C
b7D

[redacted] was advised of the identity of the contacting Agent and stated the Agent was there in response to a letter sent by him to Chief BOB FOSTER, dated [redacted]

[redacted] acknowledged writing the letter, stating he was passing on information he had learned out of concern that not enough was being done in the investigation and wanted to assist in any way he could.

b6
b7C
b7D

[redacted] indicated had worked with the [redacted] for approximately [redacted] years and had frequently enjoyed a good relationship with the police and felt it was his civic duty to furnish what little he knew.

b6
b7C
b7D

The contacting Agent then proceeded to review [redacted] letter, requesting him to elaborate on a few of his statements.

[redacted] stated he had met [redacted]

b6
b7C
b7D

[redacted] inferring Ms. BARI and

DARRYL CHERNEY.

[redacted] was asked if he knew the name of the "well known" bar in Willits, to which he stated he would not even hazard a guess about the bar. He stated the only suspicious place he knew was the "Garden House" which had previously suffered an arson fire.

b6
b7C
b7D

[redacted] then stated [redacted] did not say from whom she had heard her information, but indicated it was "a reliable source".

[redacted] was then questioned about rumors referred to in his letter and he replied that there were no specific rumors, just a lot of talk from both sides of the issue.

b6
b7C
b7D

[redacted] was then asked about [redacted] and the fact he indicates she stated she has "evidence" in which she indicates, the authorities are disinterested.

[redacted] stated he met [redacted]

b6
b7C
b7D

[redacted] He added there was confusion about her responsibility to maintain various records and the fact she wanted the North Coast Opportunities (NCO) governing board to do the administrative work. He added that at the meeting [redacted] (name not recalled) did most of the talking but he got the impression that she was a very intelligent individual and could speak for herself if she wanted to. [redacted] added her [redacted] which he described as a very [redacted] did not know what the evidence was [redacted] was referring to but felt that in order to pursue the investigation that she should be contacted.

At the conclusion of the interview [redacted] furnished [redacted] requesting that [redacted]

b6
b7C
b7D

[redacted] added that he had no knowledge [redacted]

1

The following investigation was conducted by SA [redacted] at Willits, California:

b6
b7C

On July 24, 1990, Chief ROBERT FOSTER and Sergeant [redacted] were contacted at the Willits Police Department, 125 East Commercial Street, Suite 150, Willits, California (telephone number [redacted] at which time they were advised of the Agent's identity and the fact that the Agent was in Willits to interview [redacted] the author of a letter to Chief FOSTER, dated [redacted]

b6
b7C
b7D

Chief FOSTER acknowledged knowing Mr. [redacted] stating

b6
b7C
b7D

[redacted] was very civic minded and known

Chief FOSTER was then asked if he knew [redacted] to which he stated he did not.

b6
b7C

Chief FOSTER was then asked if he knew where the "well known local bar" might be, and both Chief FOSTER and Sergeant [redacted] stated they believed the bar, referred to in [redacted] letter was John's Place, located just east of the police department on Commercial Street next to the "Club Car". Chief FOSTER added the Club Car has recently changed hands and was previously known as Dan's Frontier Room. Chief FOSTER added that it was at the Frontier Room where, he understands, the Earth First members had a meeting prior to CHERNEY and BARI driving to Oakland, California.

b6
b7C
b7D

Chief FOSTER was then asked if he, Sergeant [redacted] or anyone else in the Willits Police Department (WDP) had in mind anyone they would consider a possible suspect; one who would put a bomb in JUDI BARI's vehicle. Both were also asked if the WPD had received any reports of threats to any Earth First members and/or other environmental activists.

b6
b7C

Chief FOSTER stated he had no one in mind as a possible suspect in the bombing of JUDI BARI's vehicle, nor had his department received any reports of threats of any kind directed to either JUDI BARI, DARRYL CHERNEY or any other environmental activist.

Sergeant [redacted] stated that it was not as though there were not individuals in the area capable of constructing explosive devices, noting that there had been incidents where explosives were used to protect "gardens" (marijuana patches) and

The following investigation was conducted by Special Agent [redacted] at Willits, California:

b6
b7C

Investigation to determine identities of individuals or companies associated with the trucking/logging industry who had been the victims of sabotage, vandalism and/or "monkey wrenching".

On July 24, 1990, Chief ROBERT FOSTER and Sergeant [redacted] were asked if the Willits Police Department had received any reports of sabotage, vandalism or violence directed against individuals or companies involved in the trucking/logging business, to which both replied that the Willits Police Department had received no such reports.

b6
b7C

Both FOSTER and [redacted] then stated that in all likelihood that should anyone have been victimized by such activity that they would have repaired the damage themselves.

b6
b7C

Both FOSTER and [redacted] suggested that [redacted] and [redacted] telephone number [redacted] and [redacted] loggers, at [redacted] telephone number [redacted] be contacted regarding possible acts of violence.

b6
b7C

[redacted] was contacted at his residence, [redacted] at which time he was advised of the identity of the contacting Agent and asked if either [redacted] [redacted] had experienced vandalism to any of their equipment.

b6
b7C

[redacted] stated he could not recall any specific acts of violence suffered by any of the equipment owned and operated by either [redacted]

b6
b7C

Attempts to contact [redacted] determined there was no one at that location at the time.

b6
b7C

Contact with the repair manager (name not furnished), Shuster's Transportation, 750 East Valley Street, Willits, California, telephone number 707-459-4131 determined that Shuster's had not experienced any vandalism to their trucks.

Contact with [redacted] Lonnie Dockins Trucking, 1201 South Blosser Lane, Willits, California, telephone number [redacted] determined there were no known incidents of vandalism or sabotage to any of their trucks. [redacted] stated

live due to the injuries that he observed.

[redacted] related that he was informed that the victim had suffered lacerations to his jugular viens in his neck with severe facial lacerations. The victim was removed via ambulance to Healdsburg General Hospital and later transported to a hospital in the bay area.

[redacted] advised that at this time he did not know a cause for the accident and had his secretary start calling company officials reporting the accident. Officials contacted included [redacted] in Somoa, [redacted]

[redacted] at which time [redacted] requested that the mill be shut down for the day due to several of the employee's being upset, along with the cause of the accident not known.

[redacted] advised that he went back to the scene of the accident and found that the millright had started to repair the ~~mx~~ saw before actually being instructed to. He advised his millrights to stop the repairs until safety personal could look at the saw.

[redacted] stated that he was contacted by the [redacted] who advised him to respond to the Cloverdale Mill to conduct an on scene investigation.

[redacted] stated that he could not locate any external reason for the saw to come apart. He stated that they then started to take the log apart that was going through the saw at the time that the accident occurred. [redacted] had also stated that upon examining the saw blade it appeared to be an impact type damage to the blade.

Upon opening a portion of the log they observed what appeared to be ~~xxx~~ two large ~~xxx~~ spikes in the log. They were inset into the log which caused them to not be visable from the outside of the dog.

[redacted] advised that in determining the origin of the log that was involved in the spikking, they found a 13 on the end of the log which was determind to have been cut down by Pardini Logging ~~whk~~ which was only operating in Mendocino County in the Cammeron Rd. area.

b6

b7C

The above information was confirmed by L.P. [redacted] relate that he had been contacted by [redacted] and requested to assist in locating from where the log came from. [redacted] was contacted the night of the accident and responded to Cloverdale the morning of 5/13/87 where he inspected the log stamp and confirmed that it had come from the Cammeron Rd. location. He also confirmed that [redacted] had only been cutting in Mendocino County area of CA mmeron Rd.

b6

b7C

[redacted] then checked with [redacted] who is a scaler for L.P. for the purpose of attempt to determine the time frame that the log arrived at the mill which would indicate the po-sible time frame that the spiking took place.

b6

b7C

[redacted] stated that they knew from what log deck the spikked log came from. From that log deck they located certain trip tickets that were attached to other logs. They took these numbers and checked they ticket invoices and were able to determine that [redacted] had only shipped to the Cloverdale mill between 2/19/87 and 2/25/87.

b6

b7C

[redacted] also advised that on 5/11/87 redwood 2x6 was going through the edging machine at which time another spike that appeared to be similar to the two spikes in the log which caused the injury was located when the edger sliced the spike into 6 pieces. No injury occurred in that incident.

b6

b7C

All three spikes appeared to not have been in the wood for a Page 4 of 5 Pages

long period of time. There was no rust on the two that were located in the log segment, and there was very little discoloration on ~~and around~~ the ~~skike~~ log around the spike.

 estimates that the log that had the spikes in it was most likely cut approx. one month prior to arriving at the L.P. mill in Cloverdale.

On 5/13/87 at 1500hrs. I contacted victim U.C. Hospital in San Francisco at which time I advised him of the investigation and requested that he sign a medical information release form and have the records forwarded to me. He agreed to do so and he agreed to talk with me when he is released from the hospital.
